Ohio Network for Nursing Workforce (ONNW)

The Ohio Network for Nursing Workforce (ONNW) would like to invite you to attend a special meeting to learn more about recommendations of the Robert Wood Johnson Foundation (RWJF) Initiative on the Future of Nursing (IFN). The meeting will be an opportunity to discuss the implications of the recommendations with other leaders from Ohio about the future role of nurses in the health care delivery system in America.

ONNW, www.ohiocenterfornursing.org, is a statewide collaborative established in 2007 for the purpose of providing a statewide communication network to:

- Identify issues related to nursing workforce
- Share nursing supply and demand data by providing links to state and regional resources.
- Examine ways to gather nursing supply and demand data
- Disseminate best practices for dealing with nursing workforce issues
- Facilitate discussion of policies regarding nursing workforce
- Provide for participation in the Forum for State Nursing Workforce Centers, www.nursingworkforcecenters.org

ONNW serves as the Ohio Team with the Center to Champion for Nursing in America (CCNA) established collaboratively by AARP and RWJF.
